

# Make your own Maisy and friends!

Tell your favourite Maisy stories with these fun finger puppets.

**You will need crayons, safety scissors, sticky tape and a grown-up to help you.**

Ask a grown-up to help you cut out the oblong strip of paper. Make sure it is long enough to go round your finger!

Colour in the pictures of Maisy and her friends and then ask a grown-up to help you cut out your pictures.

Wrap the oblong strip of paper around your finger and use sticky tape to stick the ends together so it makes a ring around your finger.

Using sticky tape, stick the paper ring to the back of your chosen picture to make your puppet. Now tell your favourite Maisy story with your new finger puppets.

**It's more fun with Maisy**
